

## Title 24 Compliance

Title 24 is part of California's continuing initiative to increase energy efficiency by establishing energy budgets for buildings based on the climate zone location of the building. The Warren Alquist Act is the legislation that gives statutory authority to the California Energy Commission to develop and maintain Energy Efficiency Standards.

### Garland products that are Title 24, Part 6 compliant include:

- CPR White roof coating
- Garla-Brite® asphalt-based aluminum roof paint
- KEE-Stone® hybrid single ply membrane
- Pyramic® white, non-toxic acrylic coating
- R-Mer® Lite insulated steel roofing system (White SMP)
- R-Mer® Loc architectural and structural standing seam roof system
- R-Mer® Span architectural standing seam roof system
- Rust-Go VOC Top Coat environmentally friendly, industrial maintenance coating
- Solex® white roof coating
- StressPly® EUV SPF FR Mineral modified membrane
- StressPly® Plus SPF FR Mineral modified membrane
- Sunburst Mineral, as a granule option over many Garland roofing membranes
